PRESIDENT'S REPORT

Greetings

Spring has sprung. Daylight saving has arrived and it's all go! We are now in the "busy season" which doesn't end for us until the end of February. This is the period where we rely on ALL members getting involved to support the club. If everyone does a little a lot gets done. Please mark your calendar with coming events and offer your time and

talents where you can.

The Play Dates with Clay have proved a great success for both adults and young people. By the end of November 164 people would have taken part. Participants are informed that these are one-off events to give people a "taste" and no guarantee of a place in an ongoing class.

Thank you to Sue Wilson as convenor and all those

members who have helped out. Sue is working on the programme for 2021. It is a great way of getting our members into tutoring (with help) in areas which they are confident in. If you would like to offer your services, please contact Sue; no doubt some shoulder tapping can be expected!

In Term 4 we welcome back Suzanne McAllen as a tutor for day classes on Wednesdays.

Suzanne was a pupil of Mirek's and a previous member of the club. She is an accomplished

potter and has been working at Decopots in Palmerston North.

We will have 9 adult classes and 1 clay workshop for young people in Term 4. Margaret Hunt will continue to manage the adult classes and is planning to introduce a further 2 classes next year. Sue Wilson will manage and take enrolments for adult Play dates with Clay and Paula Archibald will organize and take enrolments for workshops for Young People. As the programmes have grown we are spreading the workload. We need someone to manage enrolments for club workshops and short courses.

We agreed to review how the new rooms are going after three months so this will take place this month. Input/ request and recommendations are welcome. Please use the *SUGGESTION BOX* or email Caitlin.

The October cleaning bee was a great success. Thank you to those who turned up. Especially Mike Mealings

who only came to collect the scaffolding that he lent us then stayed on to clean drains and remove some rather lethal pieces of metal sticking up out of the concrete. Our next working bee is on

28 November. Please put your name on the list on the whiteboard.

The keypad entry system is working well. Any problems contact Stephanie. Please make sure that you have returned your key. Hot water in the club space is turned on using the panel on the clay room door.

We have had requests for a sculpture workshop. This will take place in February with Liz Earth. The mentoring group is designed for members who have completed four years of classes. The first group proposed for 2021 will focus on glazing with Jenny Turnbull and will start in February. This will take the form of a workshop style allowing for individual exploration. People will need to have a quantity of bisque pots available before the course starts.

Thank you to Trevor Wright who did a stunning job on refurbishing one of our large electric kilns. He is preparing to attack the up-draught gas kiln. Thank you also to Jane de Joux for donating kiln shelves and props. Kathryn Lim has been bringing to the rooms a steady stream of bunches of flowers which have proved very popular and been a good little fundraiser for the club.

We are currently testing some buff clays. We are generally well stocked for clay. Please check out the website.

If you are willing to donate a piece of work to be sold at the Festival of Pots and Garden Art, please leave labelled on the table in the kitchen area. Your generosity will be appreciated. Keep those hands in clay. Happy potting! *Rod*
